

Seeking Top Talent.

We are growing.

We're looking for a passionate, self-motivated, creative, graphic designer.

You have at least four to five years full-time experience with a communications design agency, a knack for strategic thinking and can manage multiple projects from concept to production using CS4.

If you love typography, have a passion for design and culture, can turn a brief into design that captivates and engages, you are one of us.

We are looking for a detail oriented team player, who has excellent communication skills and a positive professional attitude. You must be proactive, able to work well under pressure, and have a sense of play.

Please send your resume and samples of your portfolio in PDF format to:

designer@genesyscreative.com

We thank all respondents for their interest; however, only candidates selected for an interview will be contacted.
